

SOUR SCIENCE

PINEAPPLE HIBISCUS SUPER GOSE

In No Particular Order, our Super Gose series, celebrates the perfection of Alphabetical Order by adding a shit ton more fruit! Sour Science, the fifth in this series, was brewed in collaboration with Milwaukee's own, nationally/internationally recognized Hip Hop artist, Twan Mack. Sour Science is bright and lightly tart with big, juicy Pineapple, while remaining soft and well rounded from the addition of hibiscus.
